Safe Zone Program Application

About the Safe Zone Program
Established in 1998, the Safe Zone program has been a collaborative effort of several groups and offices around campus. The mission of the Safe Zone program is to provide a more accepting environment for lesbian, gay, bisexual, transgendered, and questioning students (LGBTQ) and their allies at Virginia Tech.

Objectives
The Safe Zone program has four primary objectives:

1. To identify a network of allies who are concerned, empathetic, and knowledgeable about LGBTQ issues.
2. To provide evidence of the support of LGBTQ people and their allies within the Virginia Tech community by posting a sign as tangible evidence of that support.
3. To reduce the fear of reprisal and discrimination by LGBTQ people and their allies within the Virginia Tech community.
4. To assist LGBTQ and allied students in achieving their educational goals by creating an environment in which they can be themselves.

Expectations
To be a Safe Zone is to be an ally for the LGBTQ community. Members of the Safe Zone community are expected to:

- Be supportive and visible to Virginia Tech LGBTQ students and their allies
- Display a Safe Zone sticker in a prominent place in their office or room, preferably on the outside of their door
- Provide information on LGBTQ related issues or and be able to provide referrals to other resources if unable to handle the request
- Attend at least one Safe Zone program reception per year
